

## Jewish Weddings

It was a ~~presentation~~ presentation which taught me a lot about Jewish Weddings.

The presentation was delivered in an interesting way. The video # was extremely interesting and gave me a new perspective on Judaism.

Thank you for educating me a bit more.

What a beautiful ceremony and tradition. Really amazing to see the  
arts being performed and understanding the symbolism behind it. The video  
beautifully displayed the theory learnt and it is special to see however in  
these modern times, age-old tradition and culture can still be practiced.
