It was very interesting, quite beautiful actually so
see and learn about yet another religion and how
unique their pre, during and post wedding
ritual are. It was a privilege to learn more

Firstly I would like to thank you for giving ^{and} it possible for us to see the video of the wedding. I was fascinated by the video. All the acts did at the video is amazing and it really makes sense. The veiling is also cool as the groom ensures that it is his bride. All of the acts done in the video should be implemented by weddings of all religions.

We found it very insightful and enjoyed learning about Jewish marriage.

Thank you for your beautiful videos.

I'll be sure to try to get invited to a Jewish wedding because they seem extremely fun!

Joodse troue

- ↳ Bruid & Bruidegom mag mekaar vir 'n week, voor die troue, nie sien nie.
- ↳ Bruid & Bruidegom far voor troue & breek eerv vas op die trou dag
- ↳ Beide ma's ~~breek~~, van getroude partye, breek 'n bord.
- ↳ Bruidegom gaan kyk na sy bruid en maak seker dit is sy (Omdat Jacob met sy surrie getrou het)
- ↳ Troue is een "official" as die bruidegom vir sy bruid iets waardeval gee.
- ↳ Bruid loop 7 keer om bruidegom

Refleksie

Die les was baie interessant om te sien hoe die studente verskillende middels gebruik het om ons in te lig oor die gelowe. Ek het nie gewoel dat 'n fast gebaarke word as jy mensliker het / of ken jy mensliker nie, asook by die Joodse geloof fast die trou paar voor die troue, waar hulle dit saram breek na die troue. Dit was ook mooi te hoor dat die Jode die glas en bord was gebreek word hou as 'n nagedagtenis. Die voorbereiding en aanbidding was puur

The religion is such a beautiful one and it should not go unspoken at. Everybody should appreciate every single person's religion and be grateful for the variety of religions that come into play.

I found it interesting seeing how ~~a~~ ~~the~~ different
weddings are in different religions.
